

About LabTAG

The Scientific Label Experts

About Us

GA International has over 25 years of experience as a leading manufacturer of specialty labels, supplying laboratory identification solutions to biomedical research labs, hospitals, and other healthcare institutions. Since its inception, GA International has become a worldwide leader in cryogenic and chemical-resistant labels, with a strong dedication to R&D and customer service.

Our Vision

We strive to make a global impact with our specialized identification solutions. We are constantly growing and expanding by establishing a local presence internationally, adding additional distribution centers to our network, and entering new industries.

Our Mission

Our mission is carried out through our intense focus on research and development, always working to create technologically advanced identification solutions to address our customer's ever-changing challenges.

Our Team

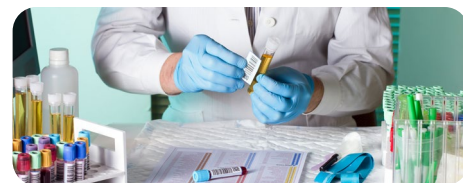

GA International's customer support is composed of an experienced team of scientists, from across multiple biomedical disciplines who are experts in laboratory technologies and of the identification requirements needed in the industry.

Industries

Our large selection of specialized products and extensive custom manufacturing capabilities, combined with our team of scientific experts allows us to serve several industries in the academic, clinical, pharmaceutical, and governmental sectors.

- Biobanking
- Biotechnology/Pharmaceutical
- Histology/Pathology/Cytology
- Academic/Medical Research
- Assisted Reproductive Technology (ART)
- Genomics & Genetics
- Clinical Research/Trials
- Healthcare
- Veterinary/Animal Science
- Blood Services
- Surgery/Dentistry/Central Sterile
- Chemical
- Forensics
- Cannabis
- Agriculture/Environmental Science
- Food Production/Science
- Pre-Printed Labware Services
- Many more!

Products & Services

Our strength resides in durable and application-specific labels such as cryogenic, heat-resistant, solvent-resistant and chemical-resistant labels, including RFID labels, used for sample storage, specimen tracking, product packaging, and much more. We offer fully customized pre-printed labels as well as blank labels and printing equipment.

Cryogenic Labels

- › Cryogenic Vials
- › Cryo/Freezer Boxes
- › Metal Racks & Canes
- › IVF Straws & Vitrification Devices
- › Frozen Vials & Containers
- › 2D-barcode tubes

Xylene & Chemical-Resistant Labels

- › Microscope Slides
- › Immunohistochemistry
- › Paraffin Blocks
- › Resin Embedding
- › Acids & Bases
- › Chemical Containers

Heat-Resistant Labels

- › Autoclaves & Dry-Heat Ovens
- › EtO, Gamma, & other Forms of Sterilization
- › Incubators & Boiling Water
- › PCR Thermocyclers

Pre-Labeled Labware Service

- › Custom Printed Labels
- › Labware Procurement
- › Labels Applied Precisely
- › Kit Assembly

Printing Solutions

- › Thermal-Transfer & RFID Printers
- › Barcode & RFID Scanners
- › Ribbons & Accessories
- › Label Printing Software

Custom Labels

- › Variable Data Printing
- › Full-Color Graphics
- › Custom Materials, Shapes, & Configurations
- › Consulting for Custom Solutions
- › RFID Integration

ISO 9001:2015 Certified / ISO 22301:2012 Compliant

We are committed to providing reliable products and services that meet customer and regulatory requirements, through our ISO 9001:2015 certified quality management system.

Why You Should Consider LabTAG as Your Label Provider

Dedication to Quality

Rigorously tested high-grade materials and high-quality products.

Business Continuity

Continue to support customers during service interruptions from unexpected disruptions or disasters.

Scientific Label Experts

Deep understanding of industry-specific identification requirements.

Two Decades of Business

Continuously scaling and improving our products and services to better serve our customers.

Product Innovation

In-house R&D team continuously innovates and creates unique, exclusive products.

Tailor-Made Solutions

Helping you realize your multifaceted projects with custom labels and creative solutions.

Worldwide Distribution

Strategically located warehouses facilitate product deliveries across the globe.

Fast Order Fulfillment

Daytime and evening crews ensure short lead times so you can meet your project deadlines.

Satisfaction Guarantee

Easy returns and exchanges if total satisfaction is not met.

Free Samples

Generous, free sample service allows you to try products before purchasing.
