DiTi™ 203iD

The New Direct Thermal Printer by GA International

NEW!

Small, Lightweight, & Affordable

The new direct thermal printer from GA International, **DiTi 203iD**, can print our growing line of direct thermal labels designed for various applications throughout the lab, without the need for additional ink sources. Small and lightweight, the **DiTi 203iD** printer can be easily moved and set up anywhere in the lab, with an easy loading design for quick roll replacement.

> Accepts label rolls up to 3.54" wide
> Free barcoding software for designing labels
> 203 dpi print resolution
> USB
